pricing guide*

Designing your brand is one of the most important things you could do for your business. In a fast-paced world saturated with competitors using every trick in the book to catch your attention, you have to make sure that your window of opportunity is not missed. Whether it be through physical brick & mortar locations or through the latest trends of Social Media and online web-presence, the first impression your business makes needs to count.

◆ LOGO DEVELOPMENT: \$250

Our logo production includes an original iconic/symbollic, logotype, and combination mark offered in .ai, .eps, .svg, .tiff, .pdf, .psd, .jpg, and .png formats (.jpg and .png filetypes will be provided in RGB, CMYK, and Grayscale color modes).

- Additional layout(s) of logos for varying space requirements (flat, horizontal, stacked)
- Two concepts presented with unlimited revisions on your chosen concept
- Branding style guide showcasing font information, pantone color selections, watermark instructions, as well as tips for printing and showcasing.

Estimated Time: 2-3 Weeks
